**MAT 11**

Introducing the MAT 11 — the latest model from MAT Shipyard, designed for cutting-edge ORC Class C racing. Developed through the partnership of Team Racing-Yachts, Matteo Polli Yacht design, and MAT Shipyard. This innovative project merges unparalleled design expertise, extensive racing experience, and world-class craftsmanship to redefine performance in ORC Class C.

Why Mat 11?

Recent class division changes and CDL announcements have opened a unique opportunity in ORC Class C. Recognizing this gap, Team Racing-Yachts partnered with Matteo Polli and Mat Shipyard to create a yacht that pushes boundaries in both speed and rating performance.

Introducing the MAT11 – A New Era in High-Performance Yachting

- **Building on a legacy** of five ORC World Championship titles, Team Racing-Yachts and Matteo Polli are once again raising the bar. The MAT11 seamlessly merges innovative design with a rich racing heritage, setting a new benchmark in competitive sailing.
- **Top of Class C**
Engineered to excel in Class C racing, leveraging the latest performance insights.
- **New Gap, New Design**
The recent ORC class division changes present the perfect moment to develop a yacht maximizing rating advantages.
- **Performance Breakthrough**
Extensive R&D has yielded advanced ratios and features, placing the MAT11 at the forefront of speed and handling.
- **Fun vs. Rating Ratio**
Performance is maximized for an exhilarating sailing experience while maintaining a competitive rating.
- **Key Competitors**
Italia 9.98, J/99, JPK 10.30, Sun Fast 3300, and more.

MAT 11 – Features & Design

The MAT 11 is a high-performance yacht designed for inshore and offshore racing (up to 600NM) while remaining capable of ocean passages (ISO Cat. A). Built for both serious racers and dedicated amateurs, it offers versatility, speed, and ease of handling.

Sailing Performance

- Optimized hull and sail plan ensure top performance in light and strong winds.
- Balanced and responsive, designed for full crew (7–8) or double-handed racing.
- Flexible steering options – choice between wheels or tiller.

Size & ORC Compliance

- Length: ~11m, perfectly tailored for 2024 ORC Class C upper limit.
- A powerful combination of speed, agility, and stability.

Deck & Design Aesthetics

- Aerodynamic efficiency meets sleek aesthetics.
- Optimized airflow and sculpted contours reduce drag.
- Designed for maximum maneuverability and space without compromise.

Interior Layout

- Functional for racing, comfortable for cruising, with 1.80–1.85m headroom.
- Well-planned living spaces:
 - Central salon with settees
 - Aft double berths with portlights
 - Optional enclosed cabins for added privacy.

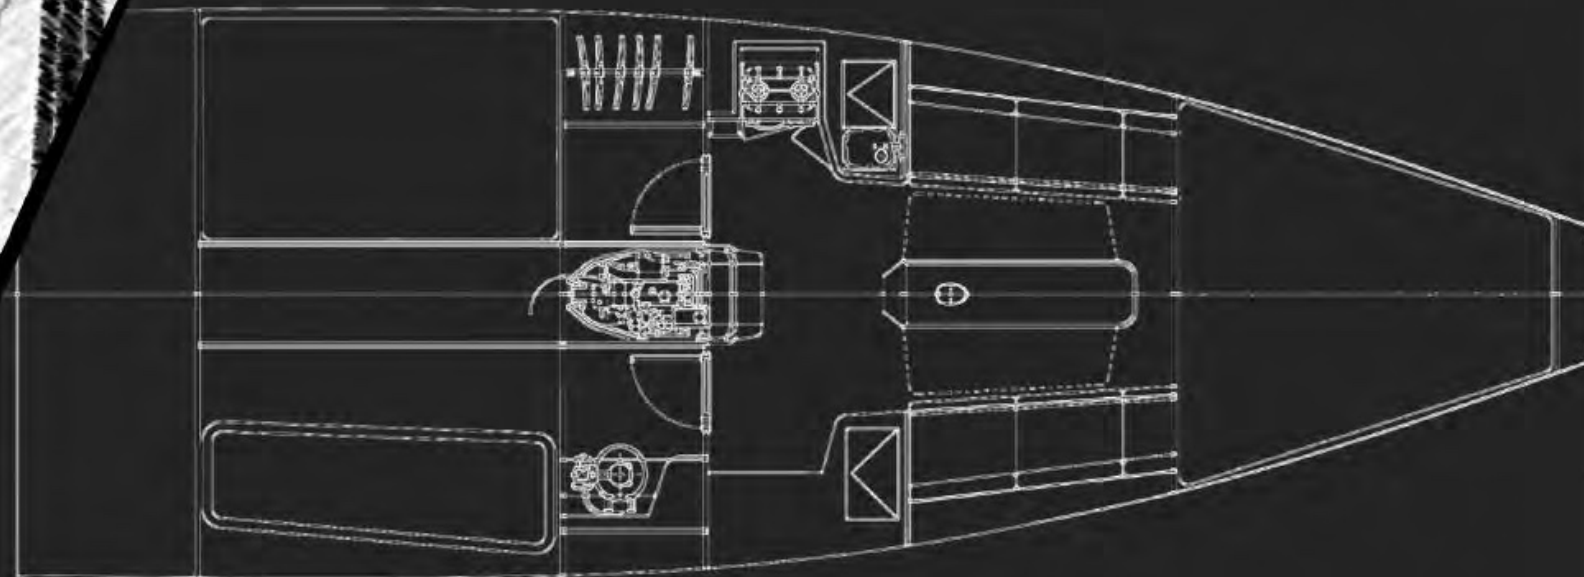

Technical data (preliminary):

- Loa = 11.00m
- Bmax = 3.80m
- Draft = 2.05m
- Displ. Light = 5300kg
- SA Up = 82sqm
- SA Dn = 175sqm (asym)
- APH = 535-540s/m
- CDL = 9.600 (Class C)

Why Choose the MAT 11?

The MAT 11 is built for top-tier performance, versatility, and reliability. Whether competing in ORC Class C, cruising offshore, or sailing shorthanded, it delivers precision, speed, and comfort in a streamlined, high-performance package.

INTERIOR ARRANGEMENT

Launch Date

The first Mat 11 is set to hit the water by **early 2026**. Stay tuned for more updates on this groundbreaking yacht.

MAT Shipyard

Renowned for impeccable craftsmanship and reliability, MAT Shipyard delivers high-quality racing yachts without compromise. Known for building successful IRC designs by Mark Mills and Nivelt Muratet, the yard has now strategically shifted focus to cutting-edge ORC yachts, adapting to evolving class regulations.

Why MAT Shipyard?

- Best Shipyard Quality- Superior finish, advanced build techniques, and lightweight construction ensure maximum speed.
- Proven Track Record- MAT-built yachts have excelled globally, setting new performance standards.
- Unmatched Reliability- After partnering with multiple major shipyards, we've found MAT to be the most dependable—delivering on time, and with outstanding precision.
- A Team You Can Trust – Behind every yacht is a dedicated team of experts who combine passion, skill, and innovation to ensure excellence.

'The signature of a M.A.T. built raceboat is a combination of a strong and light yacht structure with a sleek finish and great attention to details.'

Team Racing-Yachts

Leading yacht racing consultants and performance specialists, Team Racing-Yachts has an outstanding track record of delivering championship-winning racing yachts. With five ORC World Championship titles, and many national titles our team's dedication to excellence is evident in every project.

Matteo Polli Yacht Design

Matteo Polli is a world-class yacht designer with a formidable racing pedigree, recognized as the most successful ORC yacht designer. His designs consistently win at the highest level, securing multiple world and European titles. As a trusted partner of Team Racing-Yachts, he has delivered exceptional results through years of collaboration.

A CFD specialist and expert in rating optimization, Matteo ensures peak performance for every yacht he designs. Constantly refining and advancing yacht design, his innovative approach has contributed to numerous podium finishes worldwide.

Key Achievements & Expertise

- **9 ORC World Titles** – Won by in-house designs in the last 10 years.
- **4 ORC World Titles** – Achieved through optimization designs.
- **8 ORC European Titles** – Secured by both in-house and optimized designs.
- **300+ Yacht Optimizations** – Extensive experience in rating racing.
- **10 CFD Campaigns** – Collaborations with top industry experts.
- **8 Years in ORC ITC Committee** – Influencing rule development and yacht performance.
- **8 European Boat of the Year Nominations** – Recognized for cutting-edge designs.
- **5 ORC World Titles as a Sailor** – Plus multiple other international victories.
